

Congress of the United States
House of Representatives
Washington, DC 20515-0906

August 30, 2021

To Our Fellow Americans,

Since taking total control of the United States federal government, with the Presidency, a narrow majority in the House, and Vice President Harris providing the deciding vote in an evenly split Senate, Democrats have embarked on a massive and unprecedented deficit spending spree. Without a single Republican vote, they passed a \$1.9 trillion "Covid relief" bill in March even though \$1 trillion was still unspent from previous bipartisan Covid relief bills.

Now they have passed a \$3.5 trillion Budget Resolution, again without a single Republican vote. The non-partisan Committee for a Responsible Federal Budget has calculated that a more honest score of this budget resolution will likely exceed \$5 trillion.

In order for this spending to occur, our nation's debt limit will have to be increased significantly. Because Democrats are responsible for the spending, they need to take responsibility for increasing the debt ceiling. They have total control of the government, and the unilateral ability to raise the debt ceiling to accommodate their unilateral spending plans. Indeed, Democrats have the ability to raise the debt limit through the Budget Resolution by introducing appropriate language in the upcoming reconciliation process (or a subsequent reconciliation). Doing so would not require a single Republican vote, and would appropriately require each and every Democrat to take responsibility for their out-of-control spending.

We should not default on our debts under any circumstances. If Democrats threaten a default, it will only be because they refuse to vote for the debt ceiling increase necessitated by their own irresponsible spending. Democrats, at any time, have the power through reconciliation to unilaterally raise the debt ceiling, and they should not be allowed to pretend otherwise.

We, the undersigned Republican Representatives, are letting Democrat Representatives and the American public know that we will not vote to increase the debt ceiling, whether that increase comes through a stand-alone bill, a continuing resolution, or any other vehicle. This is a problem created by Democrat spending. Democrats will have to accept sole responsibility for facilitating it.

Sincerely,

Kevin Hern
